

Drafter

Creative Surfaces Inc. is a leader in commercial cabinetry and a national manufacturer of custom store fixtures, signage, and countertops. We provide such products for the commercial, retail, automotive, and casino industries, with manufacturing facilities in Sioux Falls, SD and Rapid City, SD.

We are seeking a Drafter to utilize AutoCad and 20/20 software to complete shop drawings and manage projects.

Responsibilities are: Prepare shop drawings used in the fabrication of commercial cabinetry using Autocad & 20/20. Communicate directly with customers as well as sales and production staff while you manage projects from start to finish. This position offers competitive hourly wage, PTO, Insurance, and 401k.

Requirements to include but not limited to:

- AutoCad experience a MUST.
- Experience in 3D Cad & 20/20 software is beneficial.
- Ability to read blueprints and a tape measure.
- Previous experience in the following would also be beneficial: general wood & metal fabrication; and project management.
- Hours are 8am – 5pm. Overtime may be requested on a job-to-job basis.
- Attention to detail is a MUST.
